Sarah, my notes. ORC responses italicized.

- Upcoming milestones and work in the next quarter
 - a. Dewey Burdock Critical Priority, need sufficient time from
 - Kimi – EJ
 - Mike Boydston – ESA/NHPA and programmatic agreement with NRC
 - Lucita – this is the WD's highest priority of her water portfolio
 - Paul – tribal considerations;
 - Timeline is to finalize sometime around June – August.
 - *Expected this level of effort now and the resp to com's. Making it a priority. Lucita - yes. Paul may be difficult b/c on other priority work.*
 - *As for continued notification in advance so attorneys can plan ahead and make time for priority work.*
 - *Brian planning workload w/ attys., to devote time predominantly to this. Will reach out for help from POGC or other Regions if needed*
 - *Challenge: volume of comments.*
 - b. Denver Water variance implementation and ICR – Mai is key here
 - Implementation questions that arise
 - Response to comments
 - ICR for the part related to Denver Water surveying customers. Needs to go through notice and comment and be completed by July/Aug.
 - *Brian Will check on dates - what's driving ICR?*
 - c. Drinking Water primacy packages – two old ones for penalty policies and CO for Revised Total Coliform Rule. Mai is the ORC lead. Lower priority than Denver Water.
 - d. Mann Oil UIC permit and other FBIR work – Lucita is the ORC lead. Lower priority than Dewey.
 - i. Mann Oil 1st; FBIR can be lower priority.

- Dewey - priority for Lucita. Also need sufficient time from Kimi – EJ, Mike – NHPA and programmatic agreement with NRC, Paul – tribal considerations;
 - Ask – is ORC able to make this a priority for these attorneys? Timeline is to finalize sometime around June – August.

Subject: RE: Water/ORC Quarterly Check-in

I was planning to attend last week, but today I have a conflicting meeting with ECAD that I need to attend regarding the drinking water NCI and our HB violation strategy.

Bert – can you and Darcy cover if I provide you some more detail, or would you like me to see if Douglas is available?

Besides Dewey, I have:

Denver Water variance implementation and ICR – Mai is key here

Drinking Water primacy packages – two old ones for penalty policies and CO for Revised Total Coliform Rule

Mann Oil UIC permit and other FBIR work

Thanks!

Are you both planning on attending this meeting today? Darcy and I discussed the criticality of Dewey Burdock, and I know in general our plan for the MT variance litigation. Will you be prepared to discuss these and other topics relevant to your programs?
